APPLICATION

- **Height rule:** H160–H400 markers for cozy courtyards · H600 for garden walks · H800–H1000 for open entries and wide borders.
- **Spacing rule:** 2.5–4 m apart on one side, set back from the edge by roughly the post height, so the pools just touch.
- **CCT rule:** 2700K warms planting and stone for evening mood · 4000K keeps steps and edges crisply legible.
- **Mood rule:** dome glow dresses path plus bed at once — for tight downward pools see MUSH-F, for a wider shade see MUSH-M.

NOTES

- **Ordering suffix:** K3 = 2700K · K4 = 4000K — same CCT choice on all nine models.
- **Supply & build:** 100–240V direct mains · non-dimmable · die-cast AL + PC in Light Grey.
- **Siting:** anchor the base on a drained footing; space 2.5–4 m apart so one-sided runs wash both paving and bed.
- **Family guidance:** flat-top for crisp edging see MUSH-F · wide-eave for broad borders see MUSH-M.
