OUTDOOR LUMINAIRES — MUSHROOM BOLLARD

MUSH-F Flat Top Mushroom Bollard

MUSH-FB D180 · MUSH-FS D180 · 18W | SMD | 2700K / 4000K | Ra80

HEIGHTS 140–1000 MM · DIE-CAST AL + PC · 100–240V

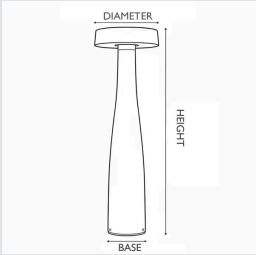

KEY FACTS

MUSH-F is a flat-top mushroom bollard that draws crisp pools on the paving, not wash across the beds. One 18W SMD engine presses light straight down from the D180 flat cap — MUSH-FB for low markers, MUSH-FS for taller walks and entries — in H140–1000 mm at 2700K/4000K Ra80.

POWER	18W · FB + FS
HEIGHTS	H140–1000 mm · 9 models
LIGHT	SMD · 2700K/4000K · Ra80
BODY	AL + PC · 100–240V · Non-dim
FINISH	Light Grey

APPLICATION

- **Cap rule:** flat-top MUSH-F for crisp pools on the paving · dome MUSH-D where the beds should glow too.
- **Height rule:** H140–H400 low markers for narrow paths and step sides · H580–H600 for garden walks · H780–H1000 for open entries.
- **CCT rule:** 2700K warms stone and planting for evening calm · 4000K keeps step nosings and joints legible.
- **Spacing rule:** one side only, 2.5–4 m apart, set back from the edge by about the post height — one extra post per step flight.

NOTES

- **Ordering suffix:** K3 = 2700K · K4 = 4000K — same CCT choice on all nine models.
- **Supply & build:** 100–240V direct mains · non-dimmable · die-cast AL + PC in Light Grey.
- **Siting:** anchor the base on a drained footing and wire once — a permanent fixture for every season, no stake or battery.
- **Family guidance:** soft dome glow for garden borders see MUSH-D · broad skirt over dense planting see MUSH-M.
