OUTDOOR LUMINAIRES — MUSHROOM BOLLARD

MUSH-M Wide Cap Mushroom Bollard

MUSH-MB D210 · MUSH-MS D200 · 18W | SMD | 2700K / 4000K | Ra80

HEIGHTS 160–1000 MM · DIE-CAST AL + PC · 100–240V

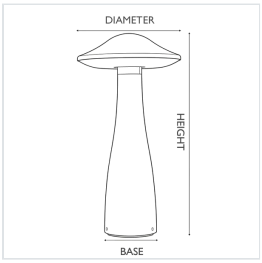

KEY FACTS

MUSH-M is a wide-cap mushroom bollard that lights the border, not the paving. One 18W SMD engine serves two caps — MUSH-MB D210 for the broadest skirt over dense planting, MUSH-MS D200 for tighter beds — in H160–1000 mm at 2700K/4000K Ra80.

POWER	18W · MB + MS
HEIGHTS	H160–1000 mm · 9 models
LIGHT	SMD · 2700K/4000K · Ra80
BODY	AL + PC · 100–240V · Non-dim
FINISH	Light Grey

Gardens · Entrances · Flower beds · Lawns · Pathways

3220100 18K3/K4	D200*B110*H1000mm	Ra80	2700K/4000K	18W

APPLICATION

- **Cap rule:** D210 MUSH-MB for dense borders and tall groundcover · D200 MUSH-MS where beds run narrower.
- **Height rule:** H160–H400 inside low groundcover · H600–H1000 where shrubs reach knees so the eave stays above leaves.
- **CCT rule:** 2700K for timber decks, patios and warm planting · 4000K where steps need truer edge definition.
- **Spacing rule:** 2.5–4 m apart so the broad pools just overlap — four to five posts for a 12-metre border.

NOTES

- **Ordering suffix:** K3 = 2700K · K4 = 4000K — same CCT choice on all nine models.
- **Supply & build:** 100–240V direct mains · non-dimmable · die-cast AL + PC in Light Grey.
- **Siting:** set the base on a drained footing; keep piled mulch clear of the shade so the skirt of light escapes freely.
- **Family guidance:** standard D180 dome for open lawns see MUSH-D · flat-top for crisp edging see MUSH-F.
